

SCHEDULE A

Residential Drive Requirements

Certificate of Insurance: \$500,000 General Liability from the contractor.
Certificate Holder: Vigo County Board
of Commissioners.

Application Sheet: Must be filled out in full by the owner or a designated representative. The application must be signed by both the owner of the property and the contractor.

Site Plan: Show drive width, drive radii or tapers, distance from drive to property lines, and proposed drive surface.

Restrictions: Subdivision - 5' x 5' tapers, 20' minimum width
County Road - 10' radii, 20' minimum width
One drive per tract, lot or parcel of land.
No entrance shall be closer than 5' to adjacent property line and no approach shall be so constructed that any part of the same extends in front of property belonging to a person other than the permittee unless both property owners sign a joint application for a permit.

*All restrictions subject to change pending review of individual submittal.

Culvert: Pipe size to be determined by county inspector after permit is submitted. **No plastic pipe is allowed.** End sections must be installed on drive pipes.

Stake Drive: Visible stakes at the property lines and at each side of the drive.

Easement: If drive is to be built on easement, a copy of the recorded easement must be furnished.

Time: All construction must be completed within one (1) year.

Permit: All companies and/or persons must have a copy of the approved permit on the job site while work is being done.

Fee: \$35.00, Checks payable to the Vigo County Treasurer.

*Prepared by the Vigo County Engineering Department
